Perempuan itu sangat jahat orangnya, dia selalu menghina orang dan suka meninggi diri, dan suka menghina Allah. Dia juga sangat tamak dan kejam sangat.</p> <p>Perempuan yang sudah sarat mengandung itu selalu berkata bahawa air adalah darah Allah; matahari juga dipanggilnya mata Allah; kilat itu adalah senyuman Allah kononnya; hujan adalah airmata Allah, dan macam-macam lagi cara pertuturan si perempuan itu kepada Allah. Dan apabila dia mengetahui bahawa Allahlah yang menciptakan manusia, dia berkata bahawa Allah tidak pandai menciptakan manusia, sebab manusia pandai juga sakit dan kelaparan. Itu saja yang dia katakan setiap hari dan malam.</p> <p>Apabila saja perempuan itu bersalin, anaknya hanya mempunyai satu anggota tubuh yang separuh iaitu, satu kaki, satu lengan, satu telinga, satu mata dan yang lain-lain juga hanya satu sahaja. Anaknya itu hanya separuh sahaja, tapi masih boleh hidup dan membesar. Apabila dia sudah besar, kanak-kanak yang lain selalu menghinanya. Akan tetapi si Separuh itu orang yang pintar dan</p>	<p>Once upon a time there was a married couple in a certain village, and the Woman was pregnant with their first child. This Woman was an evil person. She slandered people, was proud and blasphemed God. And she was also very greedy and cruel.</p> <p>That Woman whose pregnancy was advanced, called the water God's blood, the sun God's eye, the lightning God's smile, the rain God's tears, and she said many other things about God. And when she found out that God made man, she said that God did a poor job creating because man is often sick or hungry. She said these kinds of things day and night.</p> <p>When the Woman gave birth, her child had one leg, one arm, one ear, one eye, and so on. The child was only one half a person, but he survived into adulthood. As he grew he was teased by the other children and insulted. However, Halfman was smart and capable. He hopped instead of walking, and he</p>

Dan suatu hari, diapun lalu pergi.	could move fast. Every morning he would sit sadly meditating on the stairs. The mother blasphemed God even more for making her son like that. Halfman got the idea to go and meet God to ask why he was like that. So one day he set off.

Lalu, ikan-ikan itu berkata,	After not too long along the way he came across many fish that were almost dead, because they were without water. The fish were not in the water but on dry ground. The fish said,

Dan pada hari yang lain, dia berjumpa pula dengan pokok-pokok kayu yang sangat besar. Aka tetapi, kayu-kayu itu tumbuh terbalik kerana akarnya berada di atas dan pucuknya pula berada di bawah. Dan kayu-kayu itu pula berkata,	So Halfman continued on to God’s dwelling. He remembered the question of the fish. On another day he came across some big trees. But these trees were upside-down, with the roots on top and the branches in the ground. And the trees said,

<p>“Mongoy koh siongo oy Sampapas?” ka di tongo kayu. “Ay mongoy oku sid di Ompu.”</p>	<p>“Kau muh ke mana Separuh?” tanya kayu-kayu itu. “Saya muh pergi kepada Allah.”</p>	<p>“Where are you going, Halfman?” asked the trees. “I am going to the Creator.”</p>

Tidak berapa lama kemudian, dia berjumpa pula dengan babi hutan yang sedang berenang-renang di dalam sungai. Dan babi-babi hutan itu juga memesan kepada Separuh, kenapa pula agaknya mereka berada dalam air dan bukannya atas darat. Hal itu pun akan saya sampaikan juga kepada Allah, kata Separuh.</p>	<p>So Halfman continued hopping on. Not much later, he came across some wild boars that were swimming in a river. And these boars asked him to pass along the question as to why they were like that, in the river instead of on the shore. “I will ask God” said Halfman.</p>

He saw that the house was made of gold. And God knew beforehand that Halfman was coming, and He wanted him to come.</p>

sedemikian rupa?" tanya Allah. "Saya tidak tahu, wahai Allah."

"Sebabnya kenapa kau tercipta seperti itu adalah kerana ibu mu. Dia sangat jahat orangnya, dan kuat melawan saya. Ibumu langsung tidak mahu menerima perintahku, dan suka meninggi diri. Apabila kau sudah pulang nanti, kau beritahulah hal ini kepada ibu mu. Jadi, sekarang ini, saya akan perbaiki kau dan akan jadikan kau kaya," kata Allah.

Kini, jadilah Separuh seorang lelaki yang sangat tampan.

"Wahai Allah, saya telah berjumpa dengan ikan-ikan yang hidup di darat, mereka bertanya, kenapa agaknya mereka seperti itu, bukan dalam air?" kata Separuh.

"Baiklah, beritahu ikan-ikan itu, sebab-sebab mereka seperti itu kerana, mereka terlalu liar apabila ditangkap oleh manusia. Jadi, kau beritahulah mereka, mesti jinak apabila ditangkap oleh manusia," kata Allah.

"Baiklah, akan saya sampaikan pesan ini. Saya juga berjumpa dengan kayu-kayu yang tumbuh terbalik. Mereka bertanya, mengapa agaknya mereka seperti itu, wahai Allah," kata Separuh.

"Katakan kepada kayu-kayu itu bahawa, sebab-sebab kayu-kayu itu tumbuh seperti itu adalah kerana, mereka sangat keras apabila di tebang oleh manusia. Jadi, saya akan terbalikkan mereka, jika mereka akan lembut bila di tebang oleh manusia," kata Allah.

Separuh juga menyampaikan pertanyaan para babi-babi hutan. Akan tetapi, Allah berkata, "Sebab mereka sangat liar apabila dikejar oleh manusia. Jadi, kalau mereka

like this?" "I don't know, Creator."

"You were made like this because of your mother. She is an evil woman who opposes me. Your mother does not accept my law and takes a proud stance. So when you get home, tell your mother about this. As for now, I will improve your body and make you rich," said God.

Then he became a complete and handsome man.

"Creator, I came across some fish that live on dry land and they asked why it is like that, why they are not in the water," said Halfman.

"Tell the fish that this is why: they were wild when they were caught by humans. So tell them that they have to be tamer when they get caught," said God.

"All right, I will tell them. And I also came across some trees that grew upside down. They asked me why they were growing upside down. Why are they like that, God?" asked Halfman.

"Tell the trees that they were made like that because they were too hard when people cut them down. So I will turn them upright if they become soft when people cut them down," said God.

Halfman also passed along the question of the wild boar. Then God said, "That's because the pigs are too wild when people try to chase them

Jadi, ong tumuyu no nga maan ku-i kembagu pogulio sid tindal.”	mahu menjadi jinak, saya akan kembalikan mereka di darat.”	down. If they become tamer I will bring them back to dry ground.”

Jadi, sesudah itu, Separuh pun lalu pulang, dan menyampaikan pesan Allah kepada ikan, kayu dan babi hutan. Apalagi, ikan-ikan, kayu-kayu dan babi-babi hutan kini menjadi jinak dan menjadi lembut dan mereka hidup dengan sangat senang.	When he had finished speaking Halfman went home and relayed God's messages. When the fish, the trees, and the pigs heard it they became tamer and softer and thus lived a comfortable life.
