Bila saya menyumpitnya, saya telah mendapat dua ekor kera dengan sekaligus. Lalu, saya mengambilnya dan mengikat kaki dan tangan kera itu dan menyandangnya, kemudian saya membawanya pulang. Tiba-tiba harimau dahan mengejar saya. Bila saya berlari, hilang pula kera yang saya bawa, tercincir. Bila harimau ternampak kera itu, dia terus memakannya. Itu lagi yang menyelamatkan saya. Kalau tidak, tentu saya akan dimakan oleh harimau dahan itu.</p>	<p>I had an experience when I was not yet married when I went hunting. I got into the jungle and saw some monkeys. I shot with a blowgun and got two of them. I tied them up and carried them over my shoulder. Then I set out for home. All at once I came across a clouded leopard which gave chase. I ran, and then the monkeys I was carrying fell off me. The clouded leopard saw them and ate them. As for me, I was no longer chased. That was what saved me. If not, I would have been eaten by the leopard.</p>
